

# UNIVERSITY MISSOURIAN

EIGHTH YEAR

COLUMBIA, MISSOURI, MONDAY, JUNE 5, 1916

NUMBER 238

## SAYS M. J. IS UPHELD IN SUMMER FACULTY

Prof. J. D. Elliff, Director, Points to High Percentage of Professors Here.

## CLASSES ARE SMALL

Number of Courses Will Be Increased—Many Teachers From Out of State.

"The faculty of the 1916 Summer Session of the University of Missouri," says Prof. J. D. Elliff, director of the Summer Session, "is beyond a doubt the strongest in scholarship, training and ability, among the universities in the Middle West, if not in the entire country. In percentage to the number of students it is the largest faculty in the country, without exception."

Professor Elliff bases these statements on two facts: that fifty-seven out of the total of eighty-three members of the Summer Session faculty are of professional rank, and that, taking the enrollment of last summer as a base of comparison with that of other schools, the number of teachers to the individual student is not only greater but the classes are much smaller.

## Classes Are Small Here

"The great summer schools of the University of Chicago and Columbia University," says Professor Elliff, "have two hundred or more students in each class. The average class enrollment here is eighteen."

The number of faculty members coming from schools other than the University of Missouri has grown this year, also. Kelley L. Alexander and Basil D. Gauntlett will be in the department of music. Professor F. B. Isely of Central College and Professors Howard C. Taylor and Lewis F. Thomas of Drury College will do work in education and biology. Miss Helen Gleason and George Medler of the Kansas City public schools will be in the faculty. St. Louis is represented by Miss Alice I. Hazeltine and Miss Margery Quigley. Tom Waller, rural school inspector, will teach in the School of Education.

## Many From Outside the State

Those from institutions outside the state are: Albert S. Cook, superintendent of schools in Baltimore County, Md.; Miss Emma D. Grant, principal of the teachers' training school at Springfield, Ill.; Prof. William M. Hekking of the University of Illinois; Herbert G. Lull, professor of education in the University of Washington; Miss Sarah F. Rowan of the Mississippi Industrial College; and Prof. William Albert Wilkinson, head of the department of education in the state normal school at Mayville, N. D. Abner Jones, Peabody fellow in education, and Miss Elizabeth B. Wales will also teach in the Summer Session.

The number of courses has been greatly augmented, especially in agriculture, education, history, English, mathematics, Greek, manual arts and journalism. The graduate work has been considerably increased, except in the work in agriculture. However, the agricultural courses of this session will count toward the degree of B. S. in Agriculture, while hitherto they have been considered only for the degree in education.

## Doctor Muns Into Practice Here

Dr. Walden E. Muns, instructor in pathology at the School of Medicine, will not teach next year. He has opened an office in the city and will practice here. Doctor Muns received his A. B. from the University in 1911, his M. D. in 1914 at the Bellevue Hospital Medical College, New York, and his M. S. in 1915 at New York University. Before coming here last September, he taught physiology and pharmacology at Bellevue Hospital Medical College.

## Kenneth P. Middleton Is Ill

Kenneth P. Middleton, who was a student in the College of Arts and Science the last semester, is seriously ill at the Parker Memorial Hospital with typhoid fever. He has been there about two weeks. His father was expected to arrive from Kansas City this afternoon.

## Orpel Jurymen Almost Chosen

WATKINSON, Ill., June 5.—The defense in the trial of William Orpel, accused of the murder of Marion Lambert, this afternoon tendered the third panel of jurymen to the court. Unless the state objects, these will be sworn in and the case will begin.

## MAY WAS AN AVERAGE MONTH

Normal Weather Conditions Prevailed—Highest Temperature 89.

Local weather conditions during May were not unusual. The average temperature was 65 degrees—within a few degrees of the average for this month in the last five years.

Half of the days of May were cloudy and half were clear. Despite the fact that there were twelve thunderstorms, the total precipitation was only 5.21 inches, which is about the usual amount.

The highest temperature, 89 degrees, came on May 14; the lowest, 44, on May 1. The highest temperature recorded during May in the last twenty-seven years was 96 degrees and the lowest 28 degrees.

The mean barometer reading for May was 29.88 inches; the maximum, 30.22, on May 12, the minimum, 29.53, on May 21.

The prevailing direction of the wind was south, and the average hourly velocity 8.5 miles. The maximum velocity for five minutes was thirty-six miles an hour, this on May 27.

Solar halos occurred on May 1, 6 and 18.

## LOUIS D. BRANDEIS SWORN IN

New Supreme Court Justice First Jew to Hold the Office.

By United Press.

WASHINGTON, June 5.—Louis D. Brandeis was sworn in on the Supreme bench this afternoon by Chief Justice White. He will be the first Jew that has ever served in the Supreme Court.

## WILSON WRITES NOTE

President Will Probably Refuse Carranza's Request to Withdraw.

By United Press.

WASHINGTON, June 5.—President Wilson this afternoon began the preparation of a note answering Carranza's request for a withdrawal of the American troops from Mexico.

It is understood that the note will be a flat refusal to withdraw and will be a final answer to the questions brought up in the Carranza note, but will be couched in such terms as not to hurt Carranza with Mexicans.

## ST. LOUIS HONORS SHAKESPEARE

Noted Actors to Take Part in Play in Forest Park Tonight.

By United Press.

ST. LOUIS, June 5.—The Forest of Arden has been transplanted here, and tonight St. Louis will begin its Shakespeare Tercentenary Celebration with the production of "As You Like It" in Forest Park.

Margaret Anglin heads the cast of more than a thousand, aided by Robert Mantell, the Shakespearean actor.

The performance will be given in a natural amphitheater in the park, which seats ten thousand persons. The evenings' festivities will begin with a community proteque, representing the May Day revels of Shakespeare's time on the outskirts of an English hamlet.

The Pageant Drama Association is conducting the venture.

## WET AND DRY ISSUE IN IOWA

Republicans Are Divided in the Primary for Governor Today.

By United Press.

DES MOINES, Ia., June 3.—Iowa voters are at the polls today at the statewide primary for state, congressional and judicial nominations. A heavy vote is being cast, particularly among Republicans, because of the three-cornered fight for the gubernatorial nomination.

The Democrats want E. T. Meredith for governor and the Socialists J. W. Bennett. There is a merry war on in the Republican camp. Attorney General George Cosson and State Senator Joseph H. Allen are dry candidates, with Lieutenant Governor W. L. Harding rather damp. Carl F. Kuehnle of Denison, once a partner of former Governor Leslie M. Shaw, is the fourth candidate.

## Germans Keep Up Attack

By United Press.

PARIS, June 5.—The German forces today continued their murderous attacks and gained slightly at Vaux and Douaumont. The heavy artillery firing is kept up.

## Child Welfare Association to Meet

The Child Welfare Association will meet with Mrs. G. F. Troxell at 3 o'clock tomorrow afternoon to discuss plans for Baby Week next year.

## FIGHT IN MOTOR CAR LEADS TO AN ARREST

Charles Haney Is Held for Assaulting R. L. Baldwin With a Hammer.

## LATTER IS WOUNDED

Affray Follows Leap to Running Board of Vehicle on Blackfoot Gravel.

Rufus L. Baldwin, taxicab driver, lies at his home on East Broadway, suffering from five severe scalp wounds.

Charles Haney, 605 North Seventh street, a restaurant waiter, is held under a \$500 bond, charged with the state offense of assault with intent to kill.

Such are the results of a quarrel between Haney and Baldwin on the Blackfoot gravel near Columbia late last Friday evening, in which, it is alleged, Haney attacked Baldwin with a hammer.

The quarrel occurred in the taxicab driven by Baldwin. In the car with several other passengers was Mrs. Haney, wife of the alleged assailant, from whom he has been separated for some time. According to witnesses of the quarrel, Baldwin was driving his car along the road when Haney caught up with him in another car. The quarrel came when Haney jumped on the running board of the Baldwin car and occupied the front seat with Baldwin. In the mix-up, Baldwin was beaten on the head with a hammer that had been lying in the bottom of the car.

The wounded man was brought to his home in Columbia, where he was attended by Dr. W. A. Norris. His wounds are pronounced not serious, although they confine the victim to his bed.

Haney was arrested by Constable T. F. Whitesides this morning. He pleaded not guilty to the charge of assault with intent to kill, when arraigned before Justice John S. Bicknell, and was released on a \$500 bond for appearance at 10 o'clock Friday morning. Haney is represented by Attorney E. C. Anderson, the state being represented by Prosecuting Attorney W. M. Dinwiddie.

## J. W. Haney Licensed to Wed

A marriage license was issued last Saturday in Independence to John W. Haney of Perkins and Miss Mary Allen Martin of Lees Summit. According to announcements, they will be married June 11. Mr. Haney received his B. S. in M. E. in 1913 and his M. E. in 1914 at the University. During the second semester he was assistant in mechanical engineering here. Next year he will be an instructor in mechanical engineering at the Pennsylvania State College.

## Sigma Nus and A. T. O's in Final

The final game in the Pan-Hellenic Baseball League will be played on Rollins Field between the Sigma Nus and the A. T. O's at 5 o'clock tomorrow afternoon. The Sigma Nu fraternity won in the first division; the A. T. O's, in the second. The batteries are: Hogg and Addington for Sigma Nu, and Beeler and Farmer for Alpha Tau Omega.

## CUPID IS LOSING HIS GRIP; JUNE'S POPULARITY WANES

Whether it is because of the high cost of living, or the cost of high living, or some other insurmountable barrier, the fact remains that June weddings have been becoming fewer in Boone County each year for the last three years.

A glance over the records of Recorder J. L. Henry revealed the fact that the number of marriage licenses issued in June, 1915, was nine less than the number issued in the same month, 1913. In June, three years ago, a total of twenty-six bold youths declared their respective resolves and filled out the necessary affidavits. In June, 1914, only nineteen affidavits were filed away in the county archives. The number became less by two in 1915. From twenty-six in 1913 to seventeen in 1915—surely the cost of marriage must have increased or the tales of love have grown old.

Whether June, 1916, will continue to see a decrease remains to be seen. The fact that nine couples have pro-

## HIGBEE IS WALLOPED BY THE NEW BROWNS

Count Is 9 to 0 in a Slug-fest of 18 Hits for the Columbians.

## DIPPOLD MAKES FIVE

Slusher Clouts a Home Run With Bases Full—May Play Tomorrow.

In the first game under the new player-managers, Bryant and Taylor, the Columbia Browns defeated the Higbee Blues, 9 to 0, in a slug-fest before a large crowd, including many Columbians, at Higbee yesterday afternoon. The Columbia team had four other Tigers on the line-up besides the two managers.

Dippold, the Tiger right fielder, led the batters by getting a hit each of the five times that he was at bat. The Browns got eighteen hits off of the Blues' best pitchers, Neally and Everett, while the Blues' had to be content with four hits off of Bryant.

Slusher won a place in the heart of all the Columbia fans when he clouted out a home run with all of the bases full. The Higbee fans presented Hill, the new Brown catcher, with a bouquet, and he responded with a single to right field. Later in the ninth inning he injured his hand, and it is doubtful whether he will be able to play in the game with the St. Louis All-Stars here tomorrow. If the weather is favorable, the Browns will play a double header with this team.

Here is yesterday's box score:

## Pershing and Staff at Columbus

By United Press.  
COLUMBUS, N. M., June 5.—General Pershing and his staff arrived here this afternoon. The cause of their visit is not known here, but it is thought important.

## THE WEATHER

For Columbia and Vicinity: Showers and thunderstorms tonight and probably Tuesday; not much change in temperature. Strong shifting winds.

For Missouri: Showers and thunderstorms tonight and probably Tuesday; warmer northeast portion tonight. Strong shifting winds.

## Weather Conditions.

A low pressure wave covers the Plains and West Gulf states, having two centers of action, one in North Dakota and Alberta and the other in Kansas. The latter is of more than ordinary development for the summer season and is giving heavy rains and strong winds; it is moving northeast. The northern disturbance also is giving showers and fresh to brisk winds. Aside from the foregoing showers occurring during the last twenty-four hours, on the east Florida and South Carolina coasts and in the Lake region and St. Lawrence Valley.

Temperatures are, as a rule, moderate, but the weather is cooler than the seasonal normal everywhere.

The southwest low pressure wave will dominate the weather in Missouri for the next thirty-six hours, and rain and more or less stormy conditions may be expected.

## Local Data.

The highest temperature in Columbia yesterday was 81, and the lowest last night was 62; precipitation, .00; relative humidity 72 p. m., yesterday, 40 per cent. A year ago yesterday the highest temperature was 85 and the lowest 66; precipitation, .00.

## NO HOPE FOR SAILORS

Those Missing From Big Naval Battle Wednesday Given Up as Lost.

By United Press.

LONDON, June 5.—Hope of saving missing sailors from the naval engagement Wednesday is gradually being given up as reports of the awfulness of the battle reach here.

The Britons still insist the Germans lost seventeen ships, but admit losing a hundred thousand tons of English ships.

The Germans report only ten ships lost and look upon British claims of victory as a joke.

## FORMER BOONE COUNTESS DIES

Mrs. Martha McClelland of Arrow Rock Will Be Buried Here.

Mrs. Martha McClelland, 78 years old, an aunt of J. J. Phillips of Columbia and of Charles, Wallace and Cliff Rogers, all farmers living near Columbia, died at her home at Arrow Rock at 5 o'clock this morning.

Mrs. McClelland was a former resident of Boone County, having attended school in Columbia at a girls' seminary before Stephens College and Christian College were founded. She was the daughter of Judge Hiram Phillips, once a curator of the University. Her death marks the end of the immediate McClelland family. She is survived by one brother, Hiram Phillips, now living in California.

The body will arrive in Columbia from Arrow Rock on the 3:45 o'clock Wabash tomorrow afternoon and will be taken immediately to the Columbia Cemetery for burial.

## Need for Consent Delays Wedding

Application for a marriage license was made this morning by I. L. Schoeller and Miss Goff, both living near Hallsville. As the young man is only 20 years old, Recorder J. L. Henry supplied him with the necessary papers to be signed by his mother at Hallsville, giving her consent to the marriage. The young couple had not returned the certificate this afternoon.

## W. L. Stangel to Texas A. & M.

W. L. Stangel, who received an A. M. degree from the College of Agriculture this commencement, will teach in the animal husbandry department of the Texas A. & M. College at College Station next year. Mr. Stangel left yesterday for Chicago, from where he will go to Wisconsin for a visit before going to Texas.

## To Be Guardian of \$10,000 Estate

F. F. Davis, a farmer living west of Columbia, was appointed guardian of the estate of Mrs. Agatha Hallcraft, an inmate of the state asylum at Fulton, in the court of Probate Judge J. F. Murry this morning. The estate, estimated at \$10,000, is composed mostly of Kentucky real estate.

## R. C. Abram Undergoes Operation

Robert C. Abram, who was graduated from the University last week, was operated on for appendicitis at the Parker Memorial Hospital yesterday. Mr. Abram is doing well.

## Dean Mumford Visits Fayette

Dean F. B. Mumford of the College of Agriculture was at Fayette this afternoon on business.

## HUGHES IS FAVORED NOW BY 2 PARTIES

Progressives Pick Committee to Plan Compromise With Republicans.

## MOOSE HAVE PLANKS

Probable Trade Is Platform for Nominee—German Vote an Argument.

By United Press.

CHICAGO, June 5.—The Hughes boom this afternoon took a commanding lead among the presidential booms when the Progressive party selected a committee to meet with a committee from the Republican party to arrange an agreement on the presidential candidate.

That Hughes will be the choice of both is likely. The Republicans have asked the Progressives to select him at their convention Thursday. Then the Republicans will do the same when they nominate Saturday. The Republicans will accept any platform that is agreeable to the Bull Moose men.

Former Congressman Bartholdt of Missouri announced that half a million Germans will cast their votes against Wilson if Roosevelt is not the Republican nominee. It is understood that the Progressives want Roosevelt first, and then Hughes. They also want to get a statement from the justice. Failing in this, they will flaunt the big stick of a third party.

The Root forces are backing Hughes.

## 161 CASES ON JUNE DOCKET

Circuit Court Will Be in Session Ten Days—Injunction Up.

The June term of the Circuit Court will be in session from June 19 to 29. During this session 161 cases will be brought up.

The final hearing on the injunction granted to restrain the railroads and express companies from shipping liquor into Boone County and Columbia will come up June 21. Only one case of bootlegging is on the docket, that of Len Forbes, which will come up June 19.

The Faculty Union of the University will apply for incorporation papers on June 21.

The case of S. F. Conley, administrator of the estate of W. H. Lenard against the C. B. & Q. railroad, for damage to a shipment of horses will come up June 21. This case has been in the higher courts three times and was filed seven years ago.

## STRAWBERRY SHIPMENTS DOUBLE

Railroads Report Increase in Southwest Missouri and Arkansas.

Strawberry shipments from Northern Arkansas and Southwest Missouri have been more than double the output of last year, according to figures of the railroads. The Frisco has handled 800 carloads thus far this season, against 386 up to the corresponding time in 1915.

The crop in Northern Arkansas counties is exhausted, and the harvest in Southwest Missouri has been at its height the last ten days. Recent rains have prolonged the season, and carlot movements are expected to continue to the end of this week.

## Two Fined for Disturbing Peace

Levi Williams and Dave Duncan, both negroes, were arraigned before Judge M. L. Edwards this morning on charges of disturbing the peace. The complaining witness against Levi Williams was Dave Williams. The witness against Duncan was Lethe Hawkins. Each of the defendants was fined \$1 and costs, amounting to \$9.25.

## Miss Leach Will Work in Florida

Miss Ruby Leach, a junior in the School of Journalism this year, will leave this week for Florida, where she will do general news work for the Miami Metropolis. She will be employed there this summer and probably next winter. Miss Leach hopes to return to school here the following term.

## Son for Graduate of M. U.

A son was born to Dr. and Mrs. Paul Baldwin of Kennett, Mo., on May 25. He was named Thomas Edwards. Mrs. Baldwin was formerly Miss Elizabeth Brasfield, who received her A. B. and B. S. in Ed. at the University in 1908.

## Frank Bradford Out of Hospital

Frank C. Bradford of Columbia, who has been in the Parker Memorial Hospital the last two weeks, was discharged yesterday.
